LICENSED & BONDED

Whether your screening or awning needs are for new construction, disaster remediation, remodeling, or simply an upgrade to your home, Ray Schalk, owner of Roll Screen Solutions is confident he can provide the solution for your home or business. "With five years experience in this field, our customers rely on our expertise, quality products, and exceptional service. Roll Screen Solutions is your one-stop-shop for retractable products." Ray also emphasizes that Roll Screen Solutions SPECIALIZES in screen and awning solutions.

During the last several years, Roll Screen Solutions has grown from a company once limited to installation of manual retractable screens to a company fully able to install motorized screens for garage doors, porches, patios, and lanais along with manual and motorized awnings. Another feature of Roll Screen Solutions is the addition of motorized window shades to protect the inside of the home. Quality materials and an experienced installer are essential for a perfect screen or awning solution, and Roll Screen Solutions is able to provide this to the home and business owner.

For the perfect lake or golf course view without bothersome insects or damaging UV rays, retractable screens and awnings are the perfect fit. Retractable features allow for comfort and safety without the need for permanent and obtrusive structures. In essence, Roll Screen Solutions, LLC is simply the right choice!
